## Disclosure of Expenses (Unaudited)

### UNIT HOLDER EXPENSES

Universal VIA Asset Allocation Portfolios (each individually, a “Subaccount” and collectively, the “Subaccounts”) is a separate account established by Universal Life Insurance Company (“ULICO”), and is used as an investment vehicle under certain tax-deferred annuity contracts issued by ULICO. Each Subaccount invests in underlying investments in mutual funds based on specific asset allocation objectives. Subaccount contract holders bear the costs of operating the Subaccount (such as the advisory fee).

The following examples are intended to help you understand your ongoing costs (in dollars and cents) of investing in the Subaccounts and to compare these costs with the ongoing costs of investing in other funds.

The examples are based on an investment of \$1,000 invested at July 1, 2025, and held for the entire six-month period until December 31, 2025.

### ACTUAL EXPENSES

The information in the table below provides information about actual account values and actual expenses. You may use the information in these columns, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = \$8.60), then multiply the result by the number in the appropriate column for your share class titled “Expenses Paid During Period” to estimate the expenses you paid on your account during this period.

### HYPOTHETICAL EXAMPLE FOR COMPARISON PURPOSES

The information in the table below provides information about hypothetical account values and hypothetical expenses based on the Subaccounts’ actual expense ratios and assumed rates of return of 5% per year before expenses, which are not the Subaccounts’ actual returns. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Subaccount versus other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Subaccount	Actual Expense			Hypothetical Expenses (A)		
	Beginning	Ending	Expenses	Ending	Expenses	Net Annualized Expense Ratio (C) (D)
	Account Value July 1, 2025	Account Value December 31, 2025	Paid During Period (B)	Account Value December 31, 2025	Paid During Period (B)	
Universal VIA Conservative Allocation	\$1,000.00	\$1,043.70	\$11.33	\$1,014.12	\$11.17	2.20%
Universal VIA Moderate Allocation	1,000.00	1,051.00	10.60	1,014.87	10.41	2.05
Universal VIA Moderate Growth Allocation	1,000.00	1,061.10	11.38	1,014.17	11.12	2.19
Universal VIA Growth Allocation	1,000.00	1,072.30	11.75	1,013.86	11.42	2.25
Universal VIA International Mod Growth Alloc	1,000.00	1,056.30	13.27	1,012.30	12.98	2.56
Universal Money Market	1,000.00	1,014.50	13.10	1,012.20	13.09	2.58

(A) 5% return per year before expenses.

(B) Expenses are calculated using each Subaccount’s net annualized expense ratios, as disclosed in the table, multiplied by the average account value for the period, multiplied by the number of days in the period (184 days), and divided by the number of days in the year (365 days).

(C) Net annualized expense ratios, as disclosed in the table, do not include the expenses of the underlying investments in which the Subaccounts invest. The total annual expenses, as stated in the fee table of the Subaccounts’ Prospectus, may differ from the expense ratios disclosed in this report.

(D) Net annualized expense ratios are reflective of applicable fee waivers and/or reimbursements and recapture, if any, and based on the most recent six-months which may differ from the net expense ratio displayed in the Financial Highlights that covers a twelve-month period.

# NOTES TO FINANCIAL STATEMENTS

December 31, 2025

## 1. ORGANIZATION

Fortune V Separate Account (the “Separate Account”) is a non-diversified separate account of Universal Life Insurance Company (“ULICO”), a wholly owned subsidiary of Universal Insurance Company (“UNICO”), which is a wholly owned subsidiary of Universal Group, Inc. (“UNIGR”). ULICO is domiciled in Puerto Rico and operates under the provisions of the Puerto Rico Insurance Code. The Separate Account was established in March 2007 to record and account for assets and liabilities associated with Universal Variable Annuity (“VIA”) line of business. Effective May 24, 2021, the Separate Account became registered under the Investment Company Act of 1940, as amended (the “1940 Act”). On December 23, 2021, the Separate Account became effective under the Securities Act of 1933, as amended (the “1933 Act”). Universal VIA sales were not available from the period from May 24, 2021 thru December 23, 2021, when the registration became effective under the 1933 Act.

The Separate Account is composed of six different subaccounts (each, a “Subaccount” and collectively, the “Subaccounts”) that are separate investment funds and are as follows:

### Subaccounts

---

Fortune V Separate Account - Universal VIA Conservative Allocation (“VIA Conservative Alloc”)

Fortune V Separate Account - Universal VIA Moderate Allocation (“VIA Moderate Alloc”)

Fortune V Separate Account - Universal VIA Moderate Growth Allocation (“VIA Mod Growth Alloc”)

Fortune V Separate Account - Universal VIA Growth Allocation (“VIA Growth Alloc”)

Fortune V Separate Account - Universal VIA International Moderate Growth Allocation (“VIA Int Mod Growth Alloc”)

Fortune V Separate Account - Universal Money Market (“VIA Money Mrkt Alloc”)

Each Subaccount invests substantially all of its investable assets among mutual funds. Assets within the Separate Account are legally insulated from ULICO’s assets. The only shareholders of the Separate Account are contract holders of the Universal VIA annuity product issued by ULICO.

Fortune V Separate Account maintains Morningstar Investment Management LLC as the Portfolio Construction Manager to serve as asset allocation consultant in connection with the management of the Subaccounts with the exception of the Money Market Portfolio. Morningstar Investment Management LLC is a registered investment adviser and wholly owned subsidiary of Morningstar, Inc.

The Statement of Additional Information (“SAI”) provides information about the portfolio managers’ compensation, other accounts managed by the portfolio managers, and the portfolio managers’ ownership of securities in the Variable Account. The SAI, is available without charge upon request by calling 1-787-706-7337 and on the SEC’s website at [www.sec.gov](http://www.sec.gov).

## 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements were prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”), which may require the use of estimates made by management and evaluation of subsequent events. The Separate Account follows investment company accounting and reporting guidance in the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification Section (“ASC”) 946, Financial Services – Investment Companies.

**Use of Estimates:** In preparing the Subaccounts’ financial statements in accordance with GAAP, estimates or assumptions (which could differ from actual results) may be used that affect reported amounts and disclosures.

**Security transactions:** Security transactions are accounted for on the trade date. Security gains and losses are calculated on the specific identification basis. Net realized gains (losses) are included in the statement of operations.

**Net Assets:** Net assets reflect the fair value of the Separate Account’s investments and other assets less liabilities. All elements of equity (capital and distributable earnings) are aggregated in a single line, pursuant to ASC 946-20-50-14, presented as net assets in the statements of assets and liabilities.

**Unit transactions:** In accordance with ASC Topic 946, capital share transactions are recorded at the transaction amount and include all cash received or paid related to the issuance and redemption of units, as presented in the statements of changes in net assets.

**Operating expenses:** The Separate Account accounts separately for the assets, liabilities, and operations of each Subaccount. Each Subaccount indirectly bears the fees and expenses reflected in the underlying mutual funds unit value. These expenses are not reflected in the expenses within the Statements of Operations of the Subaccount and are not included in the Expenses to average net assets, and Net investment income (loss) to average net assets within the Financial Highlights.

# NOTES TO FINANCIAL STATEMENTS

December 31, 2025

**Segment Reporting:** Each Subaccount within the Separate Account represents a single operating segment pursuant to FASB Accounting Standards Update 2023-07, Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures. The financial information in the form of the Subaccount's portfolio composition, total return, expense ratios and changes in net assets (i.e. changes in net assets resulting from operations, subscriptions and redemptions) is reviewed by the Separate Account's chief operating decision maker (CODM) to assess the Subaccounts' performance in comparison to the Subaccounts' benchmarks and to make resource allocation decisions for the Subaccounts' single segment is consistent with the information presented in these financial statements. The Principal Executive Officer and the Portfolio Construction Manager act as the CODM of the Subaccounts. Segment assets are reflected on the accompanying Statement of Assets and Liabilities as "total assets" and significant expenses are listed on the accompanying Statement of Operations.

**Commitments and contingencies:** In the normal course of business, the Subaccounts enter into contracts that contain a variety of representations that provide general indemnifications. The Subaccounts' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Subaccounts and/or their affiliates that have not yet occurred. However, based on experience, the Subaccounts expect the risk of loss to be remote.

**Dividends:** Dividends payable to the Separate Account are automatically reinvested in shares of the Separate Account when paid. Dividend income is recognized on the ex-dividend date.

**Adopted accounting standards:** In March 2024, the FASB issued ASU 2024-02, Codification Improvements – Amendments to Remove References to Concepts Statements, to facilitate Accounting Standards Codification (the "Codification") updates for technical corrections such as conforming amendments, clarifications to guidance, simplifications to wording or structure of guidance, and other minor improvements. The amendments in this update affect a variety of Topics in the Codification. The amendments in this update are effective for annual periods beginning after December 15, 2025. Entities are permitted to early adopt these amendments. The Separate Account adopted this guidance as of December 31, 2025, which had no material impact to these financial statements.

### 3. INVESTMENT VALUATION

All investments in securities are recorded at their estimated fair value. Each Subaccount's investment in a corresponding underlying mutual funds is valued at the mutual fund unit value per share at the official close of the New York Stock Exchange ("NYSE") each day the NYSE is open for business.

The Subaccounts utilize various methods to measure the fair value of their investments on a recurring basis. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The three levels ("Levels") of inputs of the fair value hierarchy are defined as follows:

Level 1—Unadjusted quoted prices in active markets for identical securities.

Level 2—Inputs, other than quoted prices included in Level 1, which are observable, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates, and similar data.

Level 3—Unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available, which may include the Subaccounts' own assumptions used in determining the fair value of investments.

The inputs used to measure fair value may fall into different Levels of the fair value hierarchy. In such cases, for disclosure purposes, the Level in the fair value hierarchy that is assigned to the fair value measurement of a security is determined based on the lowest Level input that is significant to the fair value measurement in its entirety. Certain investments are measured at fair value using net asset value ("NAV") per share, or its equivalent, using the "practical expedient". All of the investments of the Separate Account have a Level 1 fair value hierarchy classification at December 31, 2025, which is disclosed within the Investment Valuation section of each Subaccount's Schedule of Investments. There were no Level 3 investments at the beginning and/or end of the year.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, but not limited to, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is generally greatest for instruments categorized in Level 3. Due to the inherent uncertainty of valuation, the determination of values may differ significantly from values that would have been realized had a ready market for investments existed, and the differences could be material.

# NOTES TO FINANCIAL STATEMENTS

December 31, 2025

**Fair value measurements:** Each Subaccount invests substantially all of its investable assets among mutual funds. Investment companies are valued at the actively traded NAV and no valuation adjustments are applied. These investment companies are categorized in Level 1 of the fair value hierarchy.

## 4. RISK AND UNCERTAINTIES

Investing in the Subaccounts involves certain key risks related to the Subaccounts' trading activity. Please refer to the Subaccounts' prospectus for a more complete discussion of the following risks, as well as other risks of investing in the Subaccounts.

**Market risk:** The market values of a Subaccount's securities and other assets will fluctuate, sometimes sharply and unpredictably, due to changes in general market conditions, overall economic trends or events, governmental actions or interventions, actions taken by the U.S. Federal Reserve or foreign central banks, political developments, warfare conflicts, investor sentiment, public health emergencies such as a pandemic, and other factors that may or may not be related to the issuer of the security or other asset. The market prices of securities and other assets also may go down due to events or conditions that affect particular sectors, industries or issuers. Adverse market conditions may be prolonged and may not have the same impact on all types of securities or other assets.

Economies and financial markets throughout the world are increasingly interconnected. Economic, financial or political events, trading and tariff arrangements, public health events, terrorism, technology and data interruptions, natural disasters, and other circumstances in one or more countries or regions could be highly disruptive to, and have profound impacts on, global economies or markets. As a result, whether or not a Subaccount invests in securities of issuers located in or with significant exposure to the countries directly affected, the value and liquidity of a Subaccount's investments may be affected adversely and negatively impact a Subaccount's performance.

Because ULICO's business is written in Puerto Rico, ULICO's insurance risk is not as diversified as the risk of a carrier that covers a broader geographical area. A natural catastrophe could cause damage to a large number of ULICO's policyholders, which would result in significantly increased losses to ULICO. However, ULICO's reinsurance program reduces to its net exposure in any such catastrophe.

**Other matters:** ULICO and its affiliates are parties to various legal proceedings that originated in the normal course of business. None of these proceedings would be likely to have a material adverse effect, if any, upon the Separate Account, our ability to meet our obligations under the contracts, or the distribution of the contracts.

## 5. FEES AND OTHER AFFILIATED TRANSACTIONS

The Separate Account has an investment advisory agreement with Universal Financial Services, Inc., ("UFS"). UFS, a Puerto Rico corporation, is a wholly-owned subsidiary of UNIGR and an affiliate of ULICO. Pursuant the investment advisory agreement, UFS charges a fee to the Subaccounts of 0.35% of the value of the net assets of the Subaccounts. The advisory expenses included in the accompanying statements of operations consist of fees charged by UFS to the Separate Account during the year ended December 31, 2025. Advisory fees due to UFS as of December 31, 2025 amounted to \$197,815 for all Subaccounts. The advisory fees due by each Subaccount is included as accrued expenses in the accompanying statements of assets and liabilities.

A daily charge from the net assets in each variable investment option is assessed by ULICO to compensate for operational expenses of the Separate Account, a portion of which relates to mortality and expense risks. The daily charge on an annualized basis may be 1.40%, 1.75% or 1.95% based on the contract class. Mortality and expense charges due to ULICO as of December 31, 2025 amounted to \$13,737 and is included as units redeemed in the accompanying statements of assets and liabilities.

Certain officers of the Separate Account are also officers, or employees of UNIGR or its affiliates. None of the Separate Account's officers receive compensation from the Subaccounts. During the year ended December 31, 2025 ULICO paid a total of \$34,000 in fees to the members of the Board.

During the year ended December 31, 2025, the Subaccounts incurred no brokerage commissions on security transactions.

## 6. PURCHASES AND SALES OF SECURITIES

For the year ended December 31, 2025, the cost of securities purchased and proceeds from securities sold are as follows:

<b>Subaccounts</b>	<b>Purchases of Securities</b>	<b>Sale of Securities</b>
Universal VIA Conservative Allocation	\$15,714,826	\$21,556,355
Universal VIA Moderate Allocation	56,264,258	84,390,931
Universal VIA Moderate Growth Allocation	6,181,227	13,331,740
Universal VIA Growth Allocation	3,569,638	4,311,643
Universal VIA International Moderate Growth Allocation	448,188	928,799
Universal Money Market	1,411,491	1,751,361

# NOTES TO FINANCIAL STATEMENTS

## 7. INCOME TAXES

The operations of the Separate Account are included in the operations of ULICO. Based on current tax law, ULICO does not incur any income tax on the earnings or realized capital gains attributable to the Separate Account. As a result, no charges are currently being deducted from the Separate Account for federal and Puerto Rico income tax purposes. The Separate Account concluded that there are no uncertain tax positions. Uncertain tax positions are recognized if it is “more likely than not” that the position will be sustained assuming an examination by the tax authorities.

Pursuant to Section 1023.01 of the Puerto Rico Internal Revenue Code of 2011, as amended, a special tax equal to 0.10% of the total asset value of the Separate Account as of December 31 of each calendar year is reported and fully paid by ULICO. This special tax is payable to the Puerto Rico Treasury Department. Special tax corresponding to the year ended December 31, 2025 amounted to \$324,880 and is included in units redeemed in the accompanying Statements of Changes in Net Assets.

## 8. SUBSEQUENT EVENT

The Company has evaluated all subsequent events through February 25, 2026, the date the financial statements were issued. No events have occurred subsequent to December 31, 2025 that would require recognition or disclosure in the financial statements.

### Opinion on the financial statements

We have audited the accompanying statements of assets and liabilities of **Fortune V Separate Account** (“Fortune V”) (comprising Fortune V Separate Account – Universal VIA Conservative Allocation, Fortune V Separate Account – Universal VIA Moderate Allocation, Fortune V Separate Account – Universal VIA Moderate Growth Allocation, Fortune V Separate Account – Universal VIA Growth Allocation, Fortune V Separate Account – Universal VIA International Moderate Growth Allocation, Fortune V Separate Account – Universal VIA Money Market) (collectively referred to as the “Subaccounts”) including the schedules of investments as of December 31, 2025, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, the financial highlights for the three years in the period then ended, and the related notes to the financial statements (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of each of the Subaccounts comprising **Fortune V Separate Account** as of December 31, 2025, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period then ended, and the financial highlights for each of the three years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. The financial statements of Fortune V for the years ended December 31, 2022 to December 31, 2021 were audited by other auditors. Those auditors expressed an unqualified opinion on those financial statements in their report dated February 24, 2023.

### Basis for opinion

These financial statements are the responsibility of Fortune V’s management. Our responsibility is to express an opinion on the Subaccounts’ financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to Fortune V in accordance with the U.S. federal securities laws and the applicable rules and regulations of Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Fortune V is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of Fortune V’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2025, by correspondence with the custodian. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as Fortune V's auditor since 2023.

Fortune V Separate Account

## Management of the Trust

### Board Members and Officers

#### (Unaudited)

The members of the Board (“Board Members”) and executive officers of the Trust are listed below.

#### BOARD MEMBERS

The Board of Directors was created on the effective date of the Separate Account registration with the SEC in May 2021.

“Interested Board Member” means a board member who may be deemed an “interested person” (as that term is defined in the 1940 Act) of the Trust because of his current or former service with UNIGR or an affiliate of UNIGR. Interested Board Members may also be referred to herein as “Interested Trustees.” “Independent Board Member” means a Board Member who is not an “interested person” (as defined under the 1940 Act) of the Trust and may also be referred to herein as an “Independent Trustee.”

The Board governs each fund and is responsible for protecting the interests of the shareholders. The Board Members are experienced executives who meet periodically throughout the year to oversee the business affairs of each fund and the operation of each fund by its officers. The Board also reviews the management of each fund’s assets by the investment manager and its respective sub-adviser.

The mailing address of each member of the Board is c/o Universal Life Insurance Company, PO Box 2171, San Juan, PR 00922 – 2171.

Further information about the Separate Account’s Board Members and Officers is available in the Separate Account’s Statement of Additional Information, which can be obtained without charge by calling 1-787-706-7337.

The Board Members, their birth year, their positions with the Trust, and their principal occupations, the number of funds the Board oversees, and other board memberships they hold are set forth in the table below. The length of time served is provided from the date a Board Member became a member of the Board.

(1)	(2)	(3)	(4)	(5)	(6)
Name and Year of Birth	Position(s) Held With Registrant	Term of Office and Length of Time Served	Principal Occupation(s) During Past 5 Years	Number of Portfolios in Fund Complex Overseen by Director	Other Directorships Held by Director
